## CLAREMONT BANK SURGERY

# JANUARY

# 2017

## MEDICAL STUDENT

Miss Olivia-Rose Kay is with us for the next three months. She is training to become a doctor, we would be grateful if you would assist in her training and accept an appointment to see her if offered one, you will be reviewed by one of the regular GP's straight after.

### ARE YOU ASTHMATIC?

If you are asthmatic and have not had an asthma review with the Practice Nurse in the last 12 months then please book an appointment.

## CLAREMONT BANK SURGERY WALKING GROUP

The group meetings on the first and third Tuesday of each month.

Meet at the Claremont Bank Surgery  
10.30am

60 minute walk starting and finishing at the

surgery

### PLEASE NOTE THE

SEXUAL HEALTH CLINIC  
ARE NO LONGER  
HOLDING CLINICS AT  
THE SURGERY. YOU CAN  
ATTEND THEIR MAIN  
HUB AT SEVERNFIELDS  
HEALTH VILLAGE.

### **NEW: Book appointments on the day at Claremont Bank Surgery**

We have employed locum GP's to increase appointment capacity. These extra appointments are to help us treat you when you need it. If you don't need an appointment please remember to cancel so someone else that needs it can use it. Book your appointment by speaking to the receptionist.

### **NEWS:**

- 100% of patients voted that they would be extremely likely or likely to recommend the surgery to a friend or family member
- We now have a help to quit smoking and help to slim practitioner with us every Wednesday afternoon, please contact us or ask at reception if you would like to book an appointment.
- Are you aged 40-74 and don't already have heart disease, diabetes or kidney disease, you should have an NHS Health Check every five years. You can book in for one of these checks on Thursday afternoons, please contact the surgery or speak to reception to book in for one of these.

### **TEST RESULTS**

Please call for results of any blood tests, urine tests, x-rays or scans we have ordered for you. You can phone for these results after 14:00.

**DO NOT WAIT FOR THE DOCTOR TO CONTACT YOU.** Due to the high numbers of results we process every day, it is impossible to call everyone routinely with their results.
